In Deep Work, author and professor Cal Newport flips the narrative on impact in a connected age. Instead of arguing distraction is bad, he instead celebrates the power of its opposite. Dividing this book into two parts, he first makes the case that in almost any profession, cultivating a deep work ethic will produce massive benefits. He then presents a rigorous training regimen, presented as a ...

Deep Work Summary. Deep Work: Professional activities performed in a state of distraction-free concentration that push your cognitive capabilities to their limit. These efforts create new value, improve your skill, and are hard to replicate. Shallow Work: Non-cognitively demanding, logistical-style tasks, often performed while distracted. These efforts tend not to create much new value in the ...

Deep Work by Cal Newport. This book has truly changed the way that I approach work. While most people lead extremely busy lives and constantly try to do and achieve more, Newport has taken the complete opposite approach of “less is more.” As the topic of the book implies, he talks a lot about how he personally has developed a practice of ultra-focused deep work over the years (and his ...

My parents lived on Newport Island from 1941 to 1943, went to Honolulu to work until the end of the war, and came back to Newport 6 months after the war ended and built a house near Western Cannery on 31st Street. I don't know if it was the pre-war house or the 31st Street house they said they were on the old switchboard style phones that you listened for the number and type of rings to know ...
