If a key expression is provided – which must uniquely identify each list item – Svelte will use it to diff the list when data changes, rather than adding or removing items at the end. The key can be any object, but strings and numbers are recommended since they allow identity to persist when the objects themselves change.

A: Answer The Revolve+ is the slightly-larger higher end model with 16 hours of battery life and louder, deeper sound, and the Revolve is the slightly smaller "lower end" (less-higher-end) model with 12 hours of battery life and slightly less loud sound. Both sound similar, both are water resistant. They are very similar speakers, but the Revolve+ is just a step better than the Revolve, in ...
